Written by Jonathan Hogue

Footage of a white man watching TV, distressed.

PRESENTER (V.O.)
Does today's news make you feel... confused?

Footage of a white woman watching her child play with a black child.

PRESENTER (V.O.)
Are you stressed by modern America?

Footage of two white people looking confused.

PRESENTER (V.O.)
Do you lack grade-level reading comprehension and basic deductive reasoning skills?

We see the interface of ChatGOP, a new phone app.

PRESENTER (V.O.)
Introducing ChatGOP, a revolutionary new app using AI technology that lets you, an American patriot, take back the narrative.

Cut to a testimonial with a MIDDLE-AGED WHITE MAN credited as "Timothy Smith, Hard Working American":

MIDDLE-AGED WHITE MAN
I used to struggle with understanding why things were happening in our nation, which left me feeling hopeless and depressed as the radical left stomped out our freedoms.

Footage of the MIDDLE-AGED WHITE MAN looking frustrated.

MIDDLE-AGED WHITE MAN (V.O.)
Now with ChatGOP, I feel more confident knowing the truth about what's really going on.

Footage of the MIDDLE-AGED WHITE MAN in various social situations looking confident, then smiling at the American flag.

PRESENTER (V.O.)

ChatGOP is simple and easy to use, designed especially for grown adults who have the mental acuity of a third-grader.

Visuals of the app interface.

PRESENTER (V.O.)

Simply tell ChatGOP a few things that you don't like, and the app will craft a logically-sound series of connections that perfectly rationalize your concerns.

An OLDER WHITE MAN speaks into his phone.

OLDER WHITE MAN

George Soros, Canadian wildfires, Ellen Degeneres

We see the app interface as the app speaks back.

CHATGOP VOICE

George Soros sent \$15 billion dollars to Ellen Degeneres who assembled a team of lesbian arsonists to start wildfires in Canada in support of the war in Ukraine.

OLDER WHITE MAN

Now that makes more sense!

Footage of average Americans doing everyday small-town activities.

PRESENTER (V.O.)

ChatGOP is an efficient piece of rapid-support mobile technology, and the voice-to-speech feature is perfect for any unexpected everyday situations.

A MID 30'S WHITE WOMAN at the grocery store checkout. A YOUNG BLACK CLERK rings up her groceries, and the amount displays as \$6.66. The MID 30'S WOMAN sees a BLM button pinned to the CLERK's shirt and warily pulls out her ChatGOP app to speak aloud into it.

MID 30'S WHITE WOMAN

Sam's Club, Black Lives Matter, Satan.

The YOUNG BLACK CLERK looks disturbed as the WOMAN says all of this loudly in front of him.

CHATGOP VOICE

Sam's Club is a subsidiary company of Black Lives Matter, an enterprise created by the Satanic church meant to eliminate white children from American schools.

MID 30'S WHITE WOMAN (proudly)

Sorry, but I'm taking my business elsewhere.

The WOMAN leaves. The BLACK CLERK looks confused.

Cut to footage of rural low-income white Americans looking concerned.

PRESENTER (V.O.)

Now, you may be thinking: I don't own modern technology because I don't like the government tracking my information. How do I use ChatGOP? We've made it simple for you with the new ChatGOP mobile device.

We see the mobile device, a giant black brick of a phone.

PRESENTER (V.O.)

Using recycled Nokia 9000s from 1996, this simple device weighs just under seven pounds and clips right onto your belt loop for easy on-the-go action.

Old man standing front of an apple orchard pulls out the mobile device.

OLD MAN

Global warming, the Second Amendment, transgenders.

PRESENTER (V.O.)

With just a few verbal commands, this revolutionary technology—

The device emits a loud jarring buzz like a bunch of gears are whirring.

PRESENTER (V.O.)

-will give you a well-crafted, logical response-

The device starts smoking.

PRESENTER (V.O.)

-in just minutes of your time.

CHATGOP VOICE

The Democrats are pushing global warming bills to funnel funds into rewriting the Second Amendment so that all guns will be revoked and placed in the hands of radicalized transgenders.

OLD MAN (concerned)

Not in my Alabama.

He pulls out an AK-47 from behind an apple tree.

Footage of the app interface.

PRESENTER (V.O.)

ChatGOP is perfectly equipped to deliver seamless logical conclusions from leftist subjects like:

(Presented as a list:) Coronavirus; Hunter Biden's laptop; Nancy Pelosi; Women in Power; Women in General; The Barbie movie; The Concept of Democracy; Black Ariel; The Green M&M; and Voting.

But don't trust tech to give you the truth. Use our new voice modulator feature, and let a reliable source tell you what you want to hear:

A MID 30'S WHITE MAN listens to his phone.

CHATGOP VOICE

(in a Donald Trump voice:)

Joe Biden's disastrous Mexico-First agenda is causing billions of undocumented immigrants to flood across our borders, can you believe it? Our small towns are flooded with drug lords feeding our children fentanyl and forcing them to work in sweat shops making t-shirts for children in, you guessed it, "Jy-na".

Visuals of the app interface.

PRESENTER (V.O.)

Are long explanations too hard for you to understand? Just tap "rapid response" on the app, and ChatGOP will generate a simplified answer:

Footage of a YOUNG WHITE MAN in line at a coffee shop as he types in key words: Bud Light; Cracker Barrel; books.

ChatGOP's written answer: "THEY ARE WOKE"

YOUNG WHITE MAN

Wow, I guess they are woke. Thanks ChatGOP!

Footage of small-town America.

PRESENTER (V.O.)

Now, we know that sometimes it can be hard to find the corruption that's happening right in your small town. So what about things that seem suspicious, but you need more information?

A YOUNG WHITE WOMAN outside of a closed pizzeria.

YOUNG WHITE WOMAN

Hmm. Why is my local pizza place closed today?

PRESENTER (V.O.)

Simply tap the "Q" button, and let ChatGOP fill in the blanks:

We see the YOUNG WHITE WOMAN tap the "Q" button on her phone and listen as the app reads back a long-winded answer:

CHATGOP VOICE

Rizzetti's Pizza is closed on Mondays to harbor their black market abortion clinic and child trafficking ring run by the Clintons, where Hollywood elites feast on discarded baby parts cooked with Jewish space lasers funded by the Chinese as an attempt to destroy Donald Trump's legacy and suppress the Biblical values that will rise during the Great Awakening where JFK Jr will return to rule the earth for a thousand years. Here's a link to learn more.

YOUNG WHITE WOMAN

Ooh, a free ticket to "Sound of Freedom".

She taps "accept" and walks to the movie theatre next door.

Footage of traditional patriotic imagery (mountains, eagles, farmland, children on playgrounds, people in church)

PRESENTER (V.O.)

It's hard to be a patriot these days with so many people ruining your America.

Footage of female protestors, young queer people with unique hairstyles, smiling people of color.

PRESENTER (V.O.)

You may not be allowed to hate them, but with ChatGOP, you can make it their fault.

Footage of various patriotic white Americans:

A WHITE MOTHER holding a child:

WHITE MOTHER

Thanks ChatGOP!

A WHITE MALE FARMER getting into a truck:

WHITE MALE FARMER

Thanks ChatGOP!

A crowd of WHITE MAGA SUPPORTERS:

CROWD OF WHITE MAGA SUPPORTERS

Thanks ChatGOP!

The ChatGOP logo displays on the screen.

PRESENTER (V.O.)

ChatGOP: We White For You

The MAGA crowd cheering as they rush the Capital. Cut to black.
